I'm attaching 5 texts exchanged with Debrah and Steve Pierce, who said they would pick up their boxes that they left in our garage. We will be filing a police report against them for having left stolen property at our house.

Their storage unit is in Marina, owned by Debrah and Steve Pierce - they briefly stayed here over the holidays and temporarily left contents from their storage unit in our garage, despite that we did not want them to. Her uncle was Ernie Riese - Debrah briefly mentioned his story and that he left in San Francisco. That might help in your investigation.
Their storage unit is half full of bins and that's probably where your books are. They used to live in Marina and they visit occasionally to look through their storage bin before heading back to New Mexico. We barely know them. We are more than happy to cooperate with you on this matter.
Thank you.

Debrah and Steve Pierce:
Address:
6 Colina Verde
Edgewood, New Mexico

Storage unit at:
Reservation Road
Marina, CA 93933
